The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB 354 allows labor organizations to recover costs from non-union members for collective bargaining and contract enforcement services rendered on their behalf.

The amount of money to be paid by the employee who is not a dues paying member of the labor organization should equal the employee's "proportionate share of the cost borne by the labor organization representing employees."

This is considered the employee's "service fee".

This service fee cannot exceed the amount regularly paid for union membership.
